

CASE STUDY PRÉCIS

Client: Worldwide £50 Billion turnover consumer product company that provides consumer products in segments like beauty and grooming, health and wellbeing, household care and snacks.

Project Type: Cleanroom

Project Size / Duration / Value: 800m² / 16 weeks / £1.3m

Project Description:

Our client, a worldwide £50 Billion turnover consumer product company, was relocating its research and development facility from its outdated and costly to maintain premises to a new location in Bracknell.

Area² were appointed as Main contractors and Stodec Products Cleanroom Division successful won the tender process.

Area² and Stodec's Cleanroom Division working together as a team effort, completed the fast-track project, of which nearly 50% was service supplies, in 16 weeks and on budget and programme.
